pened strong at an advance of 14 to 37 points and at first ruled very firm and excited under surprisingly strong Liverpool cables. These, on the New York close of yes

terday should have reported a decline of from 2% to 2 points. The English marmarket was firm, the late strength ket opened one point lower but by the time of local opening was about 16 to 3 points higher on the new crop options. Private cubies at the opening showed

desire to purchase of only speculator who were inclined to attribute the gain new buil leader, who is also said to have recently sent buying orders into the local market. Whatever may have caused the strength, local shorts were again con pletely ruled. Foreign houses had buying orders; the south was also an urgent buyer and this with covering, sent prices up with a rush. July rached 12.36c; Aug. 11.86c; and September 10.37c, within a few minutes and then came realization which it had advanced until it touchaed 12.15c and August reached 11.67c, with the new crop months showing a decline from the best of from 5 to 16 points. The attainment of this level was followed by a period of irregularity during which the buying became less notive and at midday the market was net 13 to 35 points

higher. All the afternoon the prices see-sawed within a comparatively narrow range and speculation was generally quiet Hour, steady: No. 2 spring wheat, 180 into sight statement for the week, had 180: No. 2 very 180 very 180; No. 2 very 180 very 180; No. 2 very 180 very 180; No. 3 white, 180 very 180 into-sight statement for the week, had at 11.68c; and September at 10.75c
